

Annual Wisconsin Bleeding Disorders Conference

Life's A Stage, Act Two: Building Self Advocacy Across the Community

Great Lakes Hemophilia Foundation
Headline News - February 2011

Karin Daniels, Program Services Coordinator

Each year families from the Wisconsin bleeding disorder community attend the Annual Wisconsin Bleeding Disorders Conference (formerly the Fun & Education Weekend). The weekend provides families with an opportunity to gather information through educational sessions, meet with healthcare and industry professionals and form important connections with other Wisconsin bleeding disorders families. By doing so, Great Lakes Hemophilia Foundation hopes that families can find ways to ease the challenges of living with a bleeding disorder. Join GLHF at the Kalahari Resort in Wisconsin Dells this June 11-12, 2011.

Programs in 2011 will include Laurie Kelley's Pulse on the Road, Dental Care, A Healthy Cooking class, New Horizons for Older Adults, Doctor Q & A's, VWD & Women, Transitioning for 17-24 year olds, and ER Visits to name a few. Please contact Karin at the Foundation at 414.937.6782 if you would like to register or have any questions. Registration and a full agenda will be coming out in spring!
