who your dollars help:
“Because of the generosity of others, my son was able to go to camp. He was excited and extremely determined to learn how to infuse himself. Camp gives kids empowerment and confidence, joy and pride! He looks forward to doing his infusions. Even when he misses, he is never discouraged. This is what a donation does for children with hemophilia!”

“GLHF has been our security blanket as we faced the challenge of a bleeding disorder. They have the expertise to help us traverse the challenges we face on a daily basis. We would not have been able to stay as ‘healthy’ without them. They are an invaluable resource.”
